

**ANNUAL REPORT MA in Counseling**  
**Submitted by Sara Martino, Professor, Director, MA in Counseling**

## **A. PROGRAM GOALS**

In last year's annual report the following goals were set for the coming year (progress indicated in italics):

1. To successfully submit and be reviewed by CACREP and to ultimately become an accredited institution.

*We successfully submitted our self-study in the fall of 2020 and have received feedback from CACREP on that report. We will be working on the addendum this summer with a fall of 2021 submission deadline. We hope to have a site review and get the results of our accreditation application by the spring of 2022.*

2. Recruit faculty to increase our faculty in the program and to allow for more students enrolled in the program

*We were not granted any new faculty lines for this coming year so we have been unable to expand our program at this time.*

3. To increase our community contacts and relationships to allow for student placements and to meet community needs.

*We successfully partnered with Stockton's Center for Successful Aging (SC(f)- Tf -f*

## **B. ENROLLMENT AND TEACHING**

### **1. student enrollment**

In the 2021 admissions cycle, we admitted 21 students into the program. We did have some attrition after the admissions process which led to the slightly smaller cohort, likely due to COVID. Therefore, we had a total of 44 students in the fall term, with 23 students in the second year of the program. In the spring of 2021, we lost two more first year student but gained back ashe, we h11 ( 1)-o80tlost
