(Attribute: W1); GAH 2339 The Rhetoric of Social Media (Attribute: W1); OR any suitable W1 course(s) approved by the Health Professions Advisor.

<sup>1</sup>No withdrawals or incomplete grades in any RSDM prerequisite courses. These courses and upper-level science courses need to be taken at Stockton. If AP or community college courses are used to meet specific course requirements, additional upper-level coursework in that same discipline must be taken at Stockton to fulfill the required number of credits.

A specific set of courses taken in the first year at Rutgers will transfer to Stockton to count toward the biology degree: 24 credits of BIOL core and cognate transfer from Rutgers to make the 80 required science and math credits.

Students should register for Stockton BIOL 4603 Health Professionals Seminar (0 credits) the semester after transferring to Rutgers until the Stockton Biology degree is complete.
