

Degree Map: Chemistry (BS)*
Chemistry Program
 School of Natural Sciences & Mathematics, Stockton University
 USC 1 240 | 609-652-4546

The following is a suggested plan of study for completion of this degree program.

The goal of a Degree Map is to ensure that students graduate with no more than 81 credits and in four years.

- x All students should speak with their preceptor about their academic programs.
- x Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

ADDITIONAL INFORMATION

- x **FIRST (FRST)** All newly admitted freshmen or transfer students with 15 or fewer credits are required to fulfill the University's first year competency requirement. The requirement may be met by demonstrating competency on the placement tests, or by passing, with a grade of C or better, all FRST courses: 1101 College Writing, 1002 – Critical Thinking and Reading, and 1103 Quantitative Reasoning into which students have been placed. Students enrolled in FRST 1100 Developmental Mathematics must receive a grade of C or better, and then enroll in and receive a grade of C or better in FRST 1103 to demonstrate competency. Full-time students must register for all required FRST courses in their first semester. Depending on time to completion of competency requirements, some students may need additional time for degree completion. Note- certain FRST courses also meet the requirements of the General Studies course distribution categories.
- x **General Studies**. B.S. students must complete 48 credits of General Studies with the distribution requirement of: 8 GAH, 4 GEN, 4 GIS, 8 GNM, 8 GSS and 16 ASD or Distance. See 2021-2022 Bulletin for more information. A "G" course may fulfill multiple attributes.
- x **W1/W2- Writing requirement**. Students are required to complete (C or better) four Writing intensive (W1/W2) courses. One W1 is required in the first year and an additional three W1 or W2 within the upper level division (3000-level or higher). W1/W2 courses can be found in General Studies or Program/cognate courses depending on major.
- x **Q1/Q2- Quantitative Reasoning**. Students are required to complete (C or Better) three Q2 courses. One Q1 in the freshman year and at least one Q2. Q1/Q2 courses may be found in General Studies or Program/cognate courses depending on major.
- x **R1/R2 Race and Racism**. Students are required to pass one (1) R1 and one (1) R2 course. R1/R2 courses may be found in General Studies or Program/cognate courses depending on major.
- x **Minor program**. Students may select a Minor program of study, in consultation with their preceptor. Minor courses would replace some of the ASD or Program/cognate courses in the Degree Plan. **25% Rule** Transfer students

Approved by Department of Chemistry (February 2022)

must take 25% of their remaining credits in General Studies with a GIS requirement. Depending on transferred courses, individual requirements may be met (AHVI/Q, W and R) but will be evaluated on transfer.
